tel 705.335.3411 fax 705.335.5033 www.kapgolfclub.ca

Cart Owner's Policy

1. Owners must pay an annual "tracking fee" which is rendered for the purpose of creating and maintaining cart paths and the general "wear and tear" of carts on the course.
2. Only two names can be registered to each cart and cart owners must register annually. (E.g. husband and wife). Only immediate family members who are also members of the Kap Golf Club are permitted use of the cart as authorized by cart owners. Cart owners must supply a list of family members who are permitted use of their carts on their annual registration form. All other users must be processed through the Pro Shop (Reference item #8). The 2 names on the cart can never be changed after 2015 (except for the medical clause). If one of the names does not keep up their membership, that name comes off that cart and no other name can be added to take its place. Then, as long as the other name follows the membership requirement, the parking spot remains his/hers.
3. Cart parking space will be assigned by the Club as per availability and a waiting list. Proper parking is essential to allow efficient use of parking garage.
4. Payment of tracking fee may provide parking space and winter storage if AVAILABLE. There will be a fee levied for winter storage. Parking spaces are limited, as some are required for the Club's fleet.
5. Cart parking space is non-transferable upon sale of cart or cessation of membership. The space reverts back to the Club who will then reserve them for the Club's fleet, or allocate it to the first member on the waiting list if the entire fleet has been assigned a spot.
6. Requests for parking space for private carts are to be in writing to the Executive. **When a request for a private cart parking space is submitted, said person/persons asking for the space will provide proof of owning a power cart within 30 days of the submission;** whereupon they will be wait-listed in order of request. Until space is allocated, carts may not be stored in the storage building. You will be notified when a space becomes available. Upon availability of a parking space in the Cart Storage Building, the Pro/Manager will notify the member whose name is first on the waiting list. The member will have until the date the fees are due in the following year to find a cart for the available parking space. If after such period the member has not found a cart, the space will be offered to the next member on the list. No extension period will be granted at any time.
7. Cart owners must not rent their cart to others. **They will not allow anyone, not on their "immediate family" list, the use of the cart.** The Kapuskasing Golf Club is the only organization authorized or licensed to rent carts and derive income from same. Further to this, the Club is deprived of cart rental income. Non-compliance will result in loss of cart privileges.

tel 705.335.3411 fax 705.335.5033 www.kapgolfclub.ca

8. Special circumstances may arise when all club carts have been rented. At such times if cart owner is agreeable, special arrangements might be made between the Pro Shop only and the cart owner to rent their cart. Rental will be at the current rental fee which will be split 50/50 between owner & club.
9. The Golf Club is not responsible for loss or damage to private carts. Owners must provide their own insurance.
10. Golf clubs are not to be stored on golf carts while cart is in cart storage.
11. Owners must obey all rules and restrictions regarding cart paths and 'no cart days' due to wet conditions, to avoid damage to the course.
12. Carts are to be maintained in proper working condition or are to be removed (e.g. flats are to be repaired and 'back-firing' should be rectified). The Executive reserves the right to cancel and refund a prorated portion of cart fee if a cart is not maintained in proper working condition. The spot is then reverted to the Club.
13. Drivers of carts must have a valid driver's license. Club storage staff employee(s) will receive driver training by David Guay Golf Enterprises to be able to transport rental carts to and from storage areas safely.
14. The Executive and the Facilities Committee have the right to alter or cancel the Cart Owner's Policy, as they deem necessary.
15. By signing this document you agree to all terms of this Cart Owners Policy.
16. In the event that a cart owner who has been assigned a space in the storage building is unable to renew his/her membership in a particular year due to medical reasons, then the storage space will be reserved for them for one golf season only. However, the golf cart must be removed for that season and the Club will assign spot as it sees fit (see items 5 and 6 above). In the event that the member does not renew his/her golf membership after one golf season, then the space would revert back to the Club.
