

## Cart Owner's Policy

---

1. Owners must pay an annual "tracking fee" which is rendered for the purpose of creating and maintaining cart paths and the general "wear and tear" of carts on the course.
2. Only two (2) names can be registered to each cart and cart owners must register annually. (E.g. husband and wife, member #1 and member #2). The names registered must be provided at the start of the year and names on said cart may not change throughout the course of the season.
3. Cart owners must supply a list of family members who are permitted use of their carts on their annual registration form. All other users must be processed through the Pro Shop.

Only immediate family members who are also members of the Kapuskasing Golf Club (KGC) are permitted use of the cart as authorized by cart owners. Family members who are not members of the Kapuskasing Golf Club are required to pay the daily tracking fee rate.

4. Cart owners must not rent their cart to others. **They will not allow anyone not on their immediate list the use of the cart.** The Kapuskasing Golf Club is the only organization authorized or licensed to rent carts and derive income from same. Further to this, the Club is deprived of cart rental income. Non-compliance will result in the loss of cart privileges.
5. The KGC is often short of power carts for tournaments and outside events. During these instances, power cart owners shall have their guest's check-in with the pro shop prior to the event to inquire if any power carts are available for rent. Guests will be permitted to utilize your power cart if the KGC has no power carts available providing they pay 50% of the KGC's power cart rental rate.
6. Payment of tracking fee does not provide parking space and winter storage. . Parking spaces are limited. There will be a fee levied for spring/ summer (May 16<sup>th</sup> to September 30<sup>th</sup>) and winter/fall storage (October 1<sup>st</sup> to May 15<sup>th</sup>).
7. Payment of tracking fee automatically puts your name/cart on the parking spot waiting list. Until space is allocated carts may be stored in the storage building middle aisle at the discretion of the Club Manager. Upon availability of a parking space in the storage building, the Club Manager will notify the member whose name is first on the waiting list. The said cart owner must use the parking spot. The cart owner shall not keep the spot empty and/or allow other cart owners to park in the spot.
8. Parking spots that are currently assigned and not utilized (e.g. cart owners that drive their carts home) or utilized by another cart owner will be revoked. **You don't use your spot – you lose it.**
9. Cart parking space is non-transferable upon sale of cart or cessation of memberships. The space reverts back to the Club who will allocate them.

10. Cart parking space will be assigned by the Club as per availability. Proper parking is essential to allow proper existing of carts.
11. Special circumstances may arise when all club carts have been rented. At such times if the cart owner is agreeable, special arrangements might be made with the Pro Shop only and the cart owner to rent their cart. Rental will be at the current rental fee which will be split 50/50 between owner & club.
12. The Kapuskasing Golf Club is not responsible for loss or damage to private carts. Owners must provide their own insurance.
13. Golf clubs are not to be stored on carts in cart storage. Cart storage is for power carts, clubs shall be stored in club storage.
14. Owners must obey all rules and restrictions regarding cart paths and 'no cart days' due to wet conditions, to avoid damage to the course.
15. Carts are to be maintained in proper working condition or are to be removed (e.g. flats are to be repaired and 'back-firing' should be rectified to avoid disturbance). The Executive reserves the right to cancel and refund a prorated portion of cart fee if a cart is not maintained in proper working condition. The spot is then reverted to the Club.
16. Drivers of carts must have a valid driver's license. Club storage staff employee(s) will receive driver training by the Club Manager to be able to transport rental carts to and from storage areas safely.
17. The Executive and the Facilities Committee have the right to alter or cancel the Cart Owner's Policy, as they deem necessary
18. By signing this document you agree to all terms of this cart policy.
19. In the event that a cart owner who has been assigned a space in the storage building is unable to renew his/her membership in a particular year due to medical reasons, then their storage space will be kept for them for one golf season only. Their golf cart however must be removed for that season and the next person on the waiting list would be allowed that space temporarily. In the event that the original member does not renew his/her golf membership after one season, then the space would then revert to the member who had the temporary assignment.

# Power Cart Registration Form
